EXECUTIVE FOR ADMINISTRATION AND MANAGEMENT

11 September 1947

CHIEF, SERVICES BRANCH

Intercommunicating System, OSO

1. Reference your memorandum dated 4 September 1947,  
Subject: "Intercommunicating System, OSO".

2. The reason for the delay from 28 July to 20 August 1947 in connection with requisition for above equipment was that, upon receipt of the requisition, OSO was requested to furnish a justification. Also, the Acting Chief, Services Branch, discussed the question of procurement of equipment for intercommunication systems with the Executive for Administration and Management, and was advised that justifications should be obtained for all such systems and should always be approved by the Executive for Administration and Management. Repeated requests were made for a justification from OSO and none was received. Therefore, the requisition was returned to OSO on 20 August 1947, since it was felt that ample time had been allowed for the justification to be furnished.
